

Organic Chemist - Sydney

The Position

- Sydney-based
- Full-time
- Organic Chemist

Advanced Analytical Australia Pty Ltd, one of the leading commercial laboratories located in North Ryde, provides a broad range of analytical services in the field of environmental, food, agrichemical, biopharmaceutical and bioanalytical industries throughout Australia and overseas.

Due to the ongoing expansion of our business, we are looking to appoint a suitably qualified candidate to the position of Organic Chemist.

The key duties will involve the routine preparation and analysis of low level contaminants utilising GC, GCMS(MS) and LCMS(MS). Research and method development for unusual analyses may also be required. The successful applicant will possess chemistry degree and skills and understanding of the abovementioned instrumental methodologies.

This is a hands-on role and would suit energetic, enthusiastic and self-motivated team player who is interested in being a part of a growing company. Previous experience in a NATA accredited facility and/or AS ISO/IEC 17025 standards will be highly regarded.

The salary will be commensurate with appropriate experience.

How to Apply?

Please send your application, including resume, to Daniel Um, Operations Manager, either by:

- E-mail: daniel.um@advancedanalytical.com.au
- Fax: 02 9888 9577
- Mail: 11 Julius Avenue, North Ryde, NSW 2113

Or, for more information, phone: 02 9888 9077

Applications close on Friday, 11th of July 2008.
